Respect - Responsibility - Resilience

Matthew Davies & Billy Kuhn

School External Review

In Week 3 we will be having a review of our school with representatives from the Department for Education. This process happens in all schools; I welcome the review as it will assist us in our next directions.

The review team would like to meet with parents on Thursday morning to hear parent perspective of the school.

We will be opening the staffroom for coffee, cake and biscuits from 9am for a 30 minute chat with the review team. All parents are welcome.

A note from the Principal - Adam Wilson

Quality Time

Life with kids is hard. I find being a dad and a School Principal challenging. Juggling my work responsibilities and my home responsibilities is not easy to do and I am extremely lucky to have Mrs Wilson manage me as well...

The thing that I have been working really hard on is ensuring that I am an active listener and an active participant when I am in 'Dad Mode'. There is one thing that stops me from being an active parent... It's my phone. When I am around my children I try hard to not check my phone regularly. This means no emails, social media or footy score updates (unless the Crows are playing!). It is not easy, but it means that when my children are vying for my attention, I give it to them. I don't check on what some random 'friend' that I met 10 years ago is having for their lunch or reply to an email that can wait until my kids are in bed. Juggling parenting and work is hard, but what should be our priority is not always demonstrated when we are staring at our screens. Our children will always be our children, but they won't be kids forever. Spend their childhood doing childhood things with them. The rest of 'life' can take a back seat for a while.

Opportunity Award

This year we have been lucky enough to have some money donated to the school. The donors wanted the money to go to students who excelled in their development of people skills, goal setting and creativity.

Last term Chase Caufield and Sienna Racanati both won the award and received \$250 worth of 'experiences' of their choice. Chase chose to go with his family on the Pichi Richi which they thoroughly enjoyed. Sienna decided that she wanted the experience of paying her prize forward. This means that she re-gifted her money to children in Kenya for new clothes.

At the end of last term a panel of parents and myself were lucky enough to choose 2 more winners of \$250 each. Matthew Davies and Billy Kuhn are the recipients. Matthew won the award because he showed initiative as he requested to speak at his assembly and during NAIDOC week celebrations. He has also set high standards with his yearly learning goals and has worked hard and almost achieved them after 6 months.

Billy won the award because he has made a considerable shift in the way that he approaches his learning. He is motivated and helps students to get back on track. Billy was a reluctant writer but has tackled a world issue of plastics in the oceans and researched and documented the effects of plastics on whales. Both of these students are yet to choose their experience but we will inform you once they have chosen.
